

Code A

19. 1. 2005

Dear Supr. Williams,

With no response to my request that I am dealt with by a different Police officer than Code A

Code A I now enclose my written notes on the points I wish to make in any further statement.

From my experience & in my own opinion Code A

Code A is unable to cope with me. She is slow on the uptake on any logical query I make and it seems to me is more used to dealing with petty criminals of low IQ. I simply cannot communicate with her.

Why is it that after approaching the point of a cerebral vascular accident she then agrees to approach you concerning my queries on Dr. Had's Report? She admits she has had 6/7 telephone calls on this subject since October 2004 - when she does approach you - you agree to a statement. She will not confirm whether she has ever approached you before. She will not allow me to comment on any

I have previously raised with her.
 in points, I wish to raise ^{again} / except for her
 report in a statement. She will not allow
 the interview to be recorded because "there
has been trouble with me and tapes before!
 She will not allow me to record the interview
 as this is against her Human Rights. She
 will not allow me to dictate a statement
 which she will prepare and I will sign
 before her departure. She will not allow me
 to be interviewed or cross questioned by a
 Detective at Gosport / before a statement is
 prepared because that is not the way she
 does things. When I pointed out this would
 save time and police costs as I could travel
 down the night before (at my expense) and be
 interviewed in the morning at Fareham that is
not allowed. I have done this before at
 Gosport C.I.D on two occasions.

As I have pointed out to you before in
 writing 6 August 2004 I have never had any
 feedback from Kate Robinson on any of the
 queries I have raised. No wonder you have had
 72 phone calls - those dealt with by **Code A**
Code A, Nigel Niven **Code A** have resulted
 in feedback - not so **Code A**. She may
 be a Dedicated Family Liaison Officer - she is not
 a Detective in my opinion.

When I queried "Dedicated" Family Liaison Officer - should it have been designated Family Liaison Officer she replied 'no I am not a Coconut! She explained later she had to look up the difference between Designated and Dedicated.

I find it extremely stressful to cope with this level of education as she does with me. There has been enough stress caused by the Police over a period of 6 years. I now have in writing the alleged comments of Mr Readhead concerning Ray Burt, which has caused me a great deal of personal distress.

Yours sincerely

Code A

P.S. I would be grateful for an acknowledgment of this letter and whether the points raised are of any value. Of course this does not apply to comments re. Hesley.

P.S. I confirm I should not of relied on Hesley to comment fully - she did not want me to go to the Police in the first place
