

21.04.06 ^{GOSPORT. GOSPORT.} Police investigation - finished 2006.

CPS decided not to take further action on the Inquest and
 Coroner had access to all the material
 GMC. Mrs Mackenzie. Has an inquest - separate
 to the others. David Marsley is picking up this
 one. As far as aware. Supply Coroner with all details
 from Rochester. Tom Gadsby Richards. Any information
 for the inquest. He would decide. Line of
 enquiry is David Marsley.

GMC Hearing. Transcript of "on call" information
 due to come to me. Have communicated position
 Three hearings of all parties. Police will take it
 that Under rule. Need further information.
 Will take a view on. Pass it to CPS. Could take
 a number of months. We will communicate our
 decision to families.

10 Inquests - reviewing
 GMC stuff - reviewing
 Gillian Mackenzie - separate.
 In

Looking at end of year
 then even post prosecution
 FOI - all families.

Would not release 'in party material'. If however
 conclude - nothing further for police - and Media
 CPS say nothing. The Freedom of Information -
 same way - away from that. By then - will
 have finished inquest in relation to Gladys
 Richardson. Then other relating will be dealt with.
 Great deal of information in the public domain.
 Not unusual to release material - fear of prejudicing
 a prosecution. No intention of holding anything
 back. Once finished of allowing changes - legal
 representatives will have full access.
