Helen,

Thank you. It will need to be set up as a legal aided matter on Videss before I am able to recalculate the time. Please can you set this up on Videss and then I will get the time recalculated.

Hi Matt

This matter is one that has been put on at the wrong rate. I would be grateful if you can get the time recording on it changed to the correct rate which is Legal Aid and not private as it is on there at present.

Kind regards.
