Subject: Tele Message - Mrs Davies - Gosport War Memorial

Hi John

Mrs Elizabeth Davis has just rung. She rang a couple of weeks ago but has not heard anything from you.

Anne Reece (?) suggested that she get in contact with you, as her mother (Elizabeth Rogers) died at the War Memorial in February 1997. Her mother was transferred to the Dryad Ward, GWM from Haslar after been admitted with a chest / water infection and a possible stroke. She was sent there for a convalescing period while her daughter found her a home but had died within 6 days. Her mother was under the care of Dr Barton.

She would just like to know 'if you need any more families to strengthen the case against Dr Barton'.

Could you give her a ring on 07929 260541 / 01489 799722 (work number - she will not be there tomorrow).

Thanks very much.
