Gosport - AVMA
letter 14 12 08...

Hi Alison

I need to update Peter Walsh at AVMA today re what is happening about the Gosport inquests.

I think given the constraints of funding and the families involved we need to be quite firm about what we can realistically achieve. I have done a draft letter to Peter that I would like to email.

Please can you take a look at the draft and then I am sure you will see the problems. In particular though am I able to send this. Please feel free to suggest any changes - particularly in tone.

Best wishes
