Hi John

Thanks for your help with this questionnaire. As discussed, it needs to look like a nice "official document". John has asked for it to be in a box diagram with spaces for the other potential clients to hand write in the details I have attached to this email. As you can see I have started on the formatting, but will leave you to "posh" it up!

Would it be possible to get this to me by close of day tomorrow?

Many thanks

Best wishes
