

Gemma.

Hi!

I think Tom is quite concerned that there are still a lot of documents which we have not been given. At lunch I am likely to be a bit tied up. Please can you help Tom. If necessary, we may need to ask the police either to provide copies to us or even take them back to the office. I suppose we could always take them to the Portsmouth office for copying there. Please can you see if you are able to come up with a plan with Tom.
