

**INTERROGATION (Pamela Gell)**

1998, Nursing Director (Thalassa Nursing Home)

Para 11: In Aug 98, you assessed him with (a) nursing problems (YES), and  
(b) psychiatric problems (WHAT, AND  
HOW TREATED? (NB. No change when seen by John Allen (Para 13)

Para 11: Was your comment that 'ADBC took a long time to answer questions' related to his being un-cooperative or might it simply be that he was taking time to consider his answers?

Para 12: Why should he have been on the floor during the night of 27 Aug 98?

Para 14: Why wasn't ADBC assessed for hospital treatment sooner, especially when you say his bed sores were a worrying factor prior to 17 Sep 98

Para 15: In what way did he seem unwell on 21 Sep 98 and how were you able to suggest that he may have had a chest infection when nothing at all was apparent to CRSF on the same day, or mentioned by him.

Who was responsible for allowing the sacral sore to develop to the extent it did before his admission for treatment????

**Were you aware that ADBC had told Dr Lord that HE WISHED TO DIE? (If yes, ask WHY the family were not informed)**

## Continuation of Statement of: Karl ROBERTS

patient packs antibiotic mtg @ Holiday Inn Crowne Plaza Training suite 81". The diary entry further lists the attendees as "Jon Close (Norton) Eddie Hart (Generics UK) Bob Richards (Regent) Donal Tierney (Clonmel) and Anil Sharma (Ranbaxy)" [Document found at Kent offices]. I understand this to be a reference to the UK AB Forum meeting. I have never met Bob Richards and I did not attend a UK AB Forum meeting with Donal Tierney.

27. There is also a minute for this meeting (Document Reference D397 Exhibit DRR/130/1/X) [Document obtained from Kent's computer system] and a copy (File Reference F47145, Exhibit RS/1811) [Document found adjacent to Managing Director's offices at Norton] that suggests that I may have attended this meeting. I am certain that I did not attend this meeting of the UK AB Forum. Minutes of this nature were retrospectively prepared for many of the meetings of the UK AB Forum and, for reasons that I will explain later in this statement, I know that many, if not all, of the minutes that purport to record the matters discussed at meetings of the UK AB Forum are false.

29 May 1998

28. An entry recording an "antibiotics meeting Heathrow" between 10:00 and 14:35 on 29 May 1998 appears in the Lotus Organiser of John Clark (Page 4 Document Reference D406 Exhibit DRR/130/1/AG) [Document obtained from Kent's computer system].

29. There is a fax dated 11 May 1998 from John Joseph's secretary at Norton to Bob Richards' secretary at Regent (File Reference F76375, Exhibit RS/53) [Document obtained from the home address of Jon Close]. This fax confirms that the next antibiotic meeting had been arranged for Friday 29 May between 10:00 and 12:30 at the Holiday Inn Crowne Plaza hotel at Heathrow. This fax appears to have been distributed to Jon Close at Norton, Anil Sharma at Ranbaxy, Donal Tierney at Clonmel, Denis O'Neill at Kent, Mike Sparrow at Generics UK and Monty Solomon at DDSA. I am certain that I did not attend any UK AB Forum
