

Gosport.

Hello John,

I need to clarify my position regarding the inquest into my father's death; I initially contacted you after a conversation with the Evening News, they suggested I call you to confirm venue details on the meeting last month, which I was considering attending.

It was never my intention to get involved in the enquiry, having no issues regarding his care at Gosport War Memorial Hospital. I simply sought closure on this distressingly prolonged situation.

Therefore I confirm that I do not need you to represent me, and do not intend to apply for Legal Aid.

I hope that the inquest resolves everybody's concerns and that all those involved can finally move on with their lives.

Thank you for your help,
Kind regards Ginny Cresdee.
