Subject: Gosport inquests

Hi!

Re Gosport inquests

I am back in the office after this morning's pre-inquest hearing before Mr Bradley. I saw your contact Mr Tyrer at the meeting. There is a bundle of medical records and I assume he collected your copy.

As mentioned I'll prepare a note of the meeting. It was delivered quite fast and therefore I will just need to pull this together. I'll definitely have it to you by Wednesday if not before then.

I am still in correspondence with the Legal Services Commission and I am pressing the point for representation with "exceptional funding". If this fails then I will immediately send an application to the bar pro-bono scheme. I'll keep you updated as to progress.

Of importance is that the start date is now 18 March 2009.

Best wishes
