Subject: RE: Gosport inquests - public funding

Many thanks - just got it safely

I would like to push the application with the Legal Services Commission as far as I can first. Failing any progress there then I will be happy to submit an application to the Bar Pro-bono scheme to see if that yields any support.

I'll let you know what happens.

Thanks for you timely help

Best wishes

Thank you for this John. I have just rattled off a few paragraphs more formally in a separate mail as you asked. I hopethat helps.

Subject: Gosport inquests - public funding

Hi!

Re Gosport inquests - public funding application

Further update.

I am in correspondance with the Legal Services Commission (LSC). They have asked me for some further information which it is difficult for me to answer and I would be very grateful for your help with one of the points.

They have put a question to me:

"Can you confirm the financial eligibility (in general terms for the moment) of the other 9 families. How many will play an active part in the inquest especially the generic element?"

Naturally you can only answer for your own family's circumstances. Please can you write an email to me - something quite formal - that I can put to the LSC on your behalf.

I think what they are really covering themselves against is someone in the group actually having a lot of

resources. If you can let me have comments in an email which I can forward to them it would help the application considerably in my view. Also if you can include a comment that you are very committed to an active part in the inquest including the generic stage.

Would you be able to put something together by email for me by tomorrow?

Many thanks

Best wishes
