Telephone Out

3 Units (John White) - Unknown - Gosport War Memorial

Long telephone conversation with Mrs Packman, discussing the evidence in her case. Noting the need to establish causation evidence. There are two clients who came forward to give information to the Police just to be helpful. There seems to be a difference in the group with some of the other clients who feel more angry about the events.

We discussed other family members. She has a Brother, David Latham. He lives up in the North of England in Filey. He owns a 4 bedroom house. He used to be a local Government worker. He is a Financial Administrator and has advised Universities. He is still doing some work. He has two sons, one of whom is in York and on in Filey.

It seems that her son has done very well working in London. He has sold his house there and moved down to Devon. They also have a second home in Greece.
