

INTERROGATION (Sharon Ring)

1998, E grade Staff Nurse (Para 1)

Para 1: Does the knowledge and training in the use of syringe-drivers differ between then and now?

Para 2: Had you heard of Wessex Protocol? (Nor had Hamblin or Shaw)

Para 3: Who decided to administer two dosages of diamorphine, etc on 23 Sep, and progressively step them up after that?

When was it apparent to you that he was incapable of swallowing? (Why, unconscious??)

How is a patient hydrated in such circumstances? (ADBC had no hydration or food)

Why wasn't ADBC given a saline drip at any stage?

Were you aware that ADBC had told Dr Lord that HE WISHED TO DIE? (If yes, ask WHY the family were not informed)

Have you ever heard of Dryad Ward called THE DEATH WARD??

How many patients who went into this ward came out alive AT THAT TIME?????
