Gosport

Dear Dr Grocock

Arthur CUNNINGHAM, DoB 13.3.19,

Code A

Code A

I reviewed Mr Cunningham in the Outpatient Clinic. He is asymptomatic from the point of view of waterworks although he does get occasional back pain which is apparently related to his spinal problem.

He has some clinically insignificant residual fragments in the right kidney which should not cause any symptoms.

I have made arrangements to see him in a years time with a fresh set of x-rays.

Yours sincerely

S AGARWAL
Registrar
