Dear Dr. Grocock

Arthur Cunningham dob **Code A****Code A**

Just to let you know that Mr. Cunningham's MSU done when he was seen in the Outpatient clinic showed Enterococcal infection sensitive to Cotrimoxazole and I would be grateful if you would kindly treat this on our behalf and check his post treatment urine as well. We are awaiting for a report on his recent KUB x ray as well.

Yours sincerely

V. Manohar FRCS
Staff Urologist
