Dr Ray But

Please excuse 'short' note - in view of  
Dwyer statement & further comments on the  
letter from Dr. Bullett. Sorry for the delay but  
I have been going through the papers with a  
fine tooth comb - something does not gel! Hope  
the additional comments are ok & acceptable.  
Many thanks for your patience

(with 1/c/11) The entries by Dr. Butcher 17/8  
18/8 & 21/8 do not make sense - even they  
written up later - she didn't see my name  
on the 21/8 to my knowledge - did Wesley see  
her with my mother there I was washing?

The entries are very uniform - do you employ  
a graphologist?

There was no sound - heavy breathing - only  
dead man's rattle at approx 9.05pm  
I can be sure of the time & date 21/8/98  
as my sister had put on the 9pm TV news  
as 'She had missed it all week'!  
with best wishes

PS There is reference to a 'clerk' on the  
VR 21/8 by Dr. Butcher

This is a photo copy of my original notes which we read through and I added a few bits and you did the quote brackets before it was photocopied and sent off with the additions.

So this is a copy and I have the original identical to this obviously but there will now show the different ink, etc

He.
