Dr Ray But

Please excuse 'short' note - here with  
Dagv statement + further comments on the  
letter from Dr. Bullett. Sorry for the delay but  
I have been going through the papers with a  
fine tooth comb - something does not feel! Hope  
the additional comments are OK & acceptable.

Many thanks for your patience

(14/1/11) The entries by Dr. Butcher 17/8  
18/8 + 21/8 do not make sense - since they  
written up later - she didn't see my memo  
on the 21/8 to my knowledge - did Wesley see  
her with my notes about I was working?

The entries are very uniform - do you employ  
a graphologist?

There was no sound - heavy breathing - very  
dead man's rattle at approx. initially 9:05 PM  
I can be sure of the time & date 21/8/98  
as my sister had put on the 9pm TV news  
as 'She had missed it all week'!  
with best wishes

PS There is reference to a 'clerk' on the  
18/8 by Dr. Butcher.  
21/8

This is a photo copy of my original notes which we read through and I added a few bits and you did the quote brackets before it was photocopied and sent off with the additions.

So this is a copy and I have the original identical to this obviously but there's will not show the different ink etc

He.

Sunday eve X In my opinion.

- Answers to 4, 5, 6 are unacceptable
