I have no idea what your sources are but a decision is not imminent. Perhaps if individuals do contact you, you could point them in our direction. I have asked the lawyer and caseworker to ensure that the eventual press and V&W strategy is shared with you once it has been settled.

Hope this assists

Carmen

I would be grateful if you could give me a call to discuss the handling of this case as I understand a decision is imminent.

As you will appreciate this is a matter of major public interest locally and I want to make sure that Kate (as District Crown Prosecutor) and I are fully sighted.

The easiest number is my mobile Code A

Thanks
