Dear Mr Taylor

At the suggestion of Dr Linda Patterson, Medical Director, Commission for Health Improvement and the British Geriatrics Society, I have just asked Dr Tony Luxton if he would be willing to work with Commission for Health Improvement on an investigation examining the elderly care services provided by a community trust in the South East Region.

Happily, Dr Luxton would very much like to contribute to this work and suggested I write to you as a courtesy to outline the time commitment. The piece of work will take approximately ten days in total, with a fixed site week visit, provisionally scheduled for the week of 7<sup>th</sup> January 2002. I am hoping to have the report published by mid-April 2002. If Dr Luxton chooses to undertake this work in trust time, I will make arrangements to reimburse the trust with full salary costs.

Please do call if I can provide any additional information. I am very much looking forward to working with Tony on this piece of work, which should provide some important learning for the NHS in terms of elderly care provided in the community as this moves largely into Primary Care Trusts.

Kind regards

Julie Miller  
Investigation Manager

c.c Dr Tony Luxton
