Dear Professor Ford

CHI Investigation at Gosport War Memorial Hospital

Firstly, thank you very much for your work with CHI on this investigation, it has been enormously helpful.

Secondly, I have enclosed both the final version of the medical notes review report and the main report section which summarises the systems issues you highlighted in your reports for the police last year.

Lastly, as I have referred to your report in the main text of the CHI report, I have had to include your name in the supporting papers (relevant page enclosed). As you know, all CHI reports are public documents. If this causes you any problem, could you give me a call before 26 June, the final print deadline. We are aiming for publication during the first week in July.

I hope we get the chance to work together again.

Kind regards,

Julie Miller
