Dear Dr Mundy

Thank-you for your letter dated 4th April. I received your expense form and confidentiality statement. I have forwarded your expense form to finance to be processed.

With regards to your files, Julie would like you to retain the files that you have, until you have received the draft report of the Medical case note review, in case you should want to refer to the notes. We hope to get the draft version of the report to you by Friday $19^{\rm th}$ April. I will then organise for a courier to collect the files the week beginning the $22^{\rm nd}$ April.

If you have any queries, please do not hesitate to contact me .

Yours sincerely

Kellie-Anne Rehill

Investigation Coordinator
