

Telephone conversation with Gillian MacKenzie

Thursday 6th June 2002 at 12.15 pm

Mrs MacKenzie wanted to speak to someone to find out if Julie Miller is aware that the GMC are starting to take action against one of the Doctors and Gosport War Memorial Hospital.

Mrs MacKenzie feels the Doctor should be subject to criminal proceedings which will be jeopardised by a public hearing with the GMC which can do no more than get the Doctor struck off.

Mrs MacKenzie feels the police have not investigated the complaints properly and it has now got to the stage where complainants are going straight to the GMC not the police. There are 11 cases altogether.

Mrs MacKenzie would like to know if Julie Miller has been in touch with anyone at the GMC and is aware of their case against the Doctor. I advised Mrs MacKenzie that I would leave a message for Julie Miller to call her on Monday. **Code A**
