#CODEF1

Prescribing

Relatives never get told about drugs - only if have cheek to ask.

#ENDCODE

#CODEG2

Relatives and Carers

Relatives never get told about drugs - only if have cheek to ask.

#ENDCODE

#CODEF1

Prescribing

On benperidol - not over 75 / heart troubles / vertigo - never should have been given it.

May now have reduced the dose.

#ENDCODE

#CODEF1

Prescribing

Unable to walk now - asleep nearly all the time.

#ENDCODE

#CODEG2

Relatives & Carers

Air of secrecy - not nurses - it's the doctors.

#ENDCODE

#CODEC1

Staff Attitude

Nurses are kind to them.

#ENDCODE

#CODEF1

Prescribing

Doctors should disclose all drugs and why and what side effects are. Should be more honesty.

#ENDCODE

#CODEF1

Prescribing

Patients can be overdrugged - no need to be out cold altogether.

#ENDCODE

#CODEC1

Staff Attitude

Is cared for well.
