

#TEXTDebbieBarker

Staff Nurse 9.1.02

#CODENC

D grade since September 1998, E grade since November 2001. 30 hours a week.

General nurse - midwives training, nursing home.

#ENDCODE

#CODEI2

No training in rehab but ALERT course in 2001. Updates on CPR and entered defibrillation training.

#ENDCODE

#CODEC4

Three teams. Team of 8, 6 and 6, 3 E grades. Consultant Ward rounds Tuesday afternoon. Staff Grade Porter, Monday to Friday 1/2 hour physiotherapy a day, OT if patient home discharge planned.

#ENDCODE

#CODEE1

Multidisciplinary discharge meetings "as and when" Consultant ward round does not always result in a meeting

#ENDCODE

#CODED8

Multidisciplinary discharge meetings "as and when" Consultant ward round does not always result in a meeting

#ENDCODE

#CODED2

Relatives can see Consultant by appointment. If patient deteriorates relatives advised. Pro-Active.

#ENDCODE

#CODEG2

Relatives can see Consultant by appointment. If patient deteriorates relatives advised. Pro-Active.

#ENDCODE

#CODED7

Monthly ward meetings for information. New Drug Policy: Draft for 1st produced. Being trialled.

#ENDCODE

#CODEF1

Monthly ward meetings for information. New Drug Policy: Draft for 1st produced. Being trialled.

#ENDCODE

#CODEF2

Monthly ward meetings for information. New Drug Policy: Draft for 1st produced. Being trialled.

#ENDCODE

#CODEE9

Nutrition and infection control good - patients screened. Daedalus and Dryad the same on patient control.

#ENDCODE

#CODEF2

Syringe Driver. Training available. More available recently. Check usage with another trained member of staff. Question used. New admission forms. Trained nurses assess care plan produced. No feeling of previous patient - pc.

#ENDCODE

#CODEJ2

Whistle-blowing good arrangements up line. Monthly ward meetings.

#ENDCODE

#CODENC

Generally good ward morale. No training for charge.

#ENDCODE

#CODEI2

Care nurse. ALERT course attender or staff attender.

#ENDCODE

#CODENC

Good staffing levels this week!! No holiday allowed!

#ENDCODE

#CODED6

Out of hours medical cover "could be better" cover from locums. Does "out of hours" shifts. This has set them back. Reluctant to give strong analgesia - but has done.

#ENDCODE

#CODEI2

Clinical supervision used to be in groups. Fizzled out, since retirement of nurse at Dolphin Day hospital.

#ENDCODE

#CODEE4

All patients get fed - sometimes need supervision.

#ENDCODE

#CODEC4

Toilet arrangement. No bells in lounge, except one on the wall, can cause problems. But big lounge opposite nursing station, small day room not so accessible.

#ENDCODE

#CODEE1

More medically unstable patients coming - causes additional problems.

#ENDCODE

#CODEC4

More medically unstable patients coming - causes additional problems.

#ENDCODE

#CODEC1

"We are proud of nurses care that we give here".
