#TEXTJaneWilliams
Nurse Consultant 8.1.02
#CODEC4
In 1992 - 'HOTN' a spur to rehab clinics. Stroke service started in 1993. Had a practice focus. Daedalus took on new stroke model of care in 1994 (converted continuing care beds) - 8 beds.
#ENDCODE
#CODEI2
Organised workshops etc on Daedalus. Some anxiety and excitement.
#ENDCODE
#CODEC4
For patients? Now an organised service. 1997 nurse specialist. Working with staff and relatives.
#ENDCODE
#CODEI2
On secondment. Worked for several weeks on Daedalus - as practice in two degree. (8 stroke, 16 continuing care). Good care but not rehabilitative.
#ENDCODE
#CODENC
Ward understood notion of teamwork in 1997/8? Team not as united as could have been.
#ENDCODE
#CODENC
Challenging bit? Example given of ward managing this well 3 1/2 / 4 years ago.
Perceptive, welcoming etc.
#ENDCODE
#CODEE3
Question protocols for palliative care for stroke/non-stroke patients.
#ENDCODE
#CODEC4
Rehab -> continuing care decision.
#ENDCODE
#CODEG2
Answer: team focus inv. carer move, earlier involvement of relatives. Encouraged openness and honesty.
#ENDCODE
#CODEK1
Care pathway? Have an organisational pathway. Have guidelines (yellow manual). Audit use National Central Audit. Other wards: occasion contact eg needing advice.
#ENDCODE
#CODENC
Checking good practice implemented?
#ENDCODE
#CODEK2
Clinical Governance GP (x3). How do you check changed practice: Mentors revised workshops. Mentor in clinical area.
#ENDCODE
#CODENC
Shown the Trust how services can be better organised. Spill over into other areas positively. Good feedback from public (especially elderly on stroke service).
