#ENDCODE

#CODEC3

Do take respite/chronic patients on a regular basis.

#ENDCODE

#CODEC4

Do take respite/chronic patients on a regular basis.

#ENDCODE

#CODEH1

Do take respite/chronic patients on a regular basis.

#ENDCODE

#CODED3

E grade (top) for 32 hours/4 days - senior staff nurse manager and Jan Peach Fiona Cameron.

#ENDCODE

#CODED11

Appraisal - Anne Hashe - 1/1/02.

#ENDCODE

#CODEI2

Appraisal included development plan and training. New course next month - development and communication on palliative care.

#ENDCODE

#CODEH1

Palliative care - patients already know in (respite)

#ENDCODE

#CODEE2

Resuscitation status not always clear cut. GP not clear - sometimes.

#ENDCODE

#CODEC4

Forty five GP's - confusing and different ways of doing things.

#ENDCODE

#CODEE2

Forty five GP's - confusing and different ways of doing things.

#ENDCODE

#CODED2

Forty five GP's - confusing and different ways of doing things.

#ENDCODE

#CODEE3

Palliative care book - guidelines what patients already on - patch or driver. Palliative care variable - in for more than 24 hours or in couple of weeks.

#ENDCODE

#CODEH1

Palliative care book - guidelines what patients already on - patch or driver. Palliative care variable - in for more than 24 hours or in couple of weeks.

#ENDCODE

#CODENC

Pain control guidelines. Palliative Care QA? Controlled drugs.

#ENDCODE

#CODEF1

New treatment chart - for syringe driver recently. Chart in two halves, 1 24 hrs 2 PCN top up.

#ENDCODE

#CODEF4

New treatment chart - for syringe driver recently. Chart in two halves, 1 24 hrs 2 PCN top up.

#ENDCODE

#CODEF3

GP comes in every day to review patient - Monday - Friday

#ENDCODE

#CODEF1

How new policy reviewed. Do not like it - piece of paper lost. How get it changed - had a word with pharmacist.

#ENDCODE

#CODEF4

Treatment chart is the legal document.

#ENDCODE

#CODEF2

Not happy to increase beyond prescribed dose.

#ENDCODE

#CODEF1

New syringe driver chart document - could miss more.

#ENDCODE

#CODEF1

Palliative care - how access additional advice - need to establish if pain exists and where - is medication the answer? Will let GP know.

#ENDCODE

#CODED8

Palliative care - how access additional advice - need to establish if pain exists and where - is medication the answer? Will let GP know.

#ENDCODE

#CODENC

Pain control. Palliative care - how access additional advice - need to establish if pain exists and where - is medication the answer? Will let GP know.

#CODED8

Access MacMillan advice. GP second opinions - Dr Beewee - palliative care consultant acute does come in.

#ENDCODE

#CODEH1

Access MacMillan advice. GP second opinions - Dr Beewee - palliative care consultant acute does come in.

#ENDCODE

#CODED8

Oncologist - referral on to clinic to relieve pain.

#ENDCODE

#CODEH1

Oncologist - referral on to clinic to relieve pain.

#ENDCODE

#CODEF2

Syringe drivers - can't remember.

#ENDCODE

#CODEI2

New staff nurse - would train syringe driver internally.

#ENDCODE

#CODEG2

Inform relatives if using syringe driver.

#ENDCODE

#CODEH2

Inform relatives if using syringe driver.

#ENDCODE

#CODEI2

New members of staff - how sure of quality of clinical work - can't be completely sure.

#ENDCODE

#CODED1

Phillipines nurses - language problem areas could improve - need to vet people more and scrupulously.

#ENDCODE

#CODEI2

Staff in general training how to communicate with patients? No.

#ENDCODE

#CODEG1

Staff in general training how to communicate with patients? No.

#ENDCODE

#CODEG2

Staff in general training how to communicate with patients? No.

#ENDCODE

#CODEI2

Do have shadowing arrangements.

#ENDCODE

#CODED11

Do have shadowing arrangements.

#ENDCODE

#CODEF3

Dosage - out of hours - call health call.

#ENDCODE

#CODEF3

Not on controlled drugs not take increased dose over the phone.

#ENDCODE

#CODENC

Palliative guidelines controlled drugs not written down.

#ENDCODE

#CODENC

Pharmacy - not give controlled drugs.

#ENDCODE

#CODENC

Is a problem with new staff - not a better place to work.

#ENDCODE

#CODED7

New changes - eg team working not a good development.

#ENDCODE

#CODED1

Taking sicker patients and more acute - not more staff.

#ENDCODE

#CODEI2

Students four years ago - now have 3 on same day.

#ENDCODE

#CODEC2

No example of recent changes which have improved patient care.

#ENDCODE

#CODEK1

Clinical governance. Brilliant on paper. Cannot live up to it.

#ENDCODE

#CODEC2

Give very good patient care - spend time with them and thank you.

#ENDCODE

#CODEH1

Palliative care is very good. Hands on care very good.

#ENDCODE

#CODED1

Staffing levels - last 12 months and sickness. New staff - lack of support.

#ENDCODE
