Subject: CHI Report on Gosport War Memorial Hospital

Kathryn,

Gareth copied me your email about the CHI action plan. There's a lot in there to do with education and training. Is there any way in which the WDC can help? We would be prepared to consider a supplementary financial allocation to you if this would help achieve the desired outcomes; but we would need a good understanding of your plans and brief quarterly progress reports on how the allocation was being used. What do you think?
