CHIMEDIA.DOC

Folks,

tip off from Regional Comms has it that the CHI press announcement about Gosport is earmarked for Friday!

Have been in touch with CHI to request that we have sight of it tomorrow if so - had to leave a message as the comms team were otherwise engaged but I've been promised a response tomorrow...watch this space.

In the meantime the attached is a draft media brief as advanced as we can get it without sight of their words.

Please let me have any comments if you have any

Thanks

David
