~~Peta~~ delighted to hear you are still onboard. I did not see the original letter from Milner so hope you saw mine published yesterday 14th. - Paule did not see Milner's or mine - her copy of the News comes under Fareham and was not printed. Very odd as she saw yours without a name and sent me a copy - that is how I asked the News for Milner's, and as they seemed to be dallying about printing mine sent the additional message to them and they made up their minds to print mine pdq. I had already registered with the Press Complaint Commission who would have taken up the situation if they refused to print mine - as I pointed out defamation innuendo to them also. Lots more e mails to follow - absolutely one shock after the other - in touch with the Morgan family - who have fought for 26 years also. Five investigations by police and at last been granted an inquiry by Theresa May into police corruption re. Daniel Morgan's murder. (another Hillsborough) When you have read the other lot, let me know and I will forward today' (yesterday's) batch. Went to bed at 10.30 pm - slept but just woken up for cup of tea and found your e mail. No - how could I recognise your style ?? Gillian Just discovered John White working for Blake Laphorn but is not registered with AvMA !!

Graeme - understand Pamela Milner's comment re. dementia could be construed as defamation by innuendo - hope you can give consideration to my reply. Gillian M Mackenzie

Graeme - many thanks for your prompt response.

Is it too late to reply to Pamela Milner's letter of the 3rd. If not could you publish my reply

With reference to Pamela Milner's letter of the 3 May under the heading "Doctor is a scapegoat. I can tell Ms. Milner what I hoped and hope to achieve: Justice for possibly 92 families eventually and coverage at the Inquest of the part played by Nurses and in particular a specific Nurse in our case.

Did Ms. Milner take the trouble to attend the Inquest or the other 10 Inquests in 2009 - or the GMC hearing into 12 cases - both open to the public.?

Has she a query why the Inquest into my mother's death granted at by own expense by Jack Straw in 2009 was not heard with the others. ?

Was she aware that Mrs. O'Brien (my sister) was a Nurse (and Witness) and had 40 years experience dealing with the elderly and dying.?

Did Ms. Milner read the Commission for Health Improvement Report in 2002.?

Does Ms. Milner know the reason why the Baker Report on Mortality Rates 2002 has been with-held from publication by the Department of Health. ?

Is Ms. Milner aware of the complaints against the Hampshire Constabulary were upheld both in 2001 and 2004 ?

Is Ms. Milner capable of researching the subject before rushing into print ?

It is possible I know the answer !

With reference to your reporting of the 15-year-old Dr Jane Barton case, can anyone please tell me what Gillian Mackenzie and Lesley O'Brien have hoped to achieve?

Has anyone ever considered Dr Barton in all of this? And who has picked up the bill in the end?

Two words spring to mind: 'scapegoat' and 'dementia'.
