Stephen for SL soonest Just been in contact with Legal Ombudsman re. official complaint re. JW not giving crunch details to Ferner. RB refuses to contact you through me it seems – my niece in contact with RB – will speak to her this evening – for address or tel number - can you contact him direct or my niece as she is not your constituent. (she worked as Personnel Officer Police HQ Winchester now elsewhere.) We need the CD Rom of the inquest – have had no response from JW on that point except he was writing a letter to Horsley. Has anyone heard of those old fashioned things like telephones. Gillian . Just received SL's latest e mail – it is Ray Burt .
