Peta – please give me a ring soonest – will be back here after 7pm. Reaction from [Code A] [Code A] spoke to [Code A] and thinks it is a good idea that SL should see RB. Once more acting as though it is his idea. I will speak with Stephen soonest. Do not deal with JW yourself – I am just about to put in official complaint to Blake Laphorn re, Ferner not being given information by JW. Legal Ombudsman happy to go ahead once I have written letter – I am waiting for the CD Rom of the inquest and Ferner's re-action to [Code A] [Code A] only now giving him details re. the two diamorphine injections from Beed. Iain Wilson' case the same – given diamorphine by Nurse - father never saw Barton. Gillian
