Our case is “different” from the others – confirmed by Bradley who did the other inquests and that is why he referred to Horsley. Remember Horsley’s salary comes out of police budget. I will get out the papers I had with Bindmans – initial interview usually on “greenpaper” free. You will need to know the names of the specialists at Bindmans and they are well worth a visit – although it did cost me £500 for one letter to Horsley and I carried on direct with Horsley on advice from Bindmans that he did not know Bindmans were not representing me as I ran out of money the second time – but hang on – I think there is something in the pipeline. SL very busy with local election this week - will speak with him next week or at the weekend – I have his personal mobile number – sorry cannot give you. Yes please get Lesley to return the Ford Opinion . It is not just a mistake that **Code A** statement ( interested in colour therapy and I had studied costume for King Solomon’s Temple ( ancient Jewish history ) – including the breast plate for the priests studied with stones – Pope has amethyst ring going back to that for healing souls if you kiss it – like h...) – the only one is missing from disclosures – Livesley saw it. **Code A** Maltese , probably RC and honest – met the ambulance on the 17<sup>th</sup> with **Code A** – have you seen all the transcripts of police interviews with DC **Code A** appalling interview techniques. Hamish interviewed De Bono for research post in Royal Saudi hospital at request of Ruler – I studied de Bono lateral thinking ( the brother) Julia “went out with Guy Shaw” ( god knows what he did when Julia was at Oxford -) who had a girlfriend de. Bono’s daughter – Julia knew her – Guy Shaw an obnoxious child I knew in Ceylon – his mother and father Julia’s god-parents - coincidence ? Why does it suddenly indent ?

Would like your reaction to my latest to Horsley - JW did not know about legal aid for cases in the public interest – and bear in mind is only really interested in “compensation cases” and some of the Gosport families were only interested in compensation when the Shipman case publicity revealed families would get compensation. Why did they wait to complain until I revealed all my complaints against police upheld April 2001 – Kernighan and Readhead sat on them from November 1998 – I went over the head of K to the PCA. I understand there have been some comments in The News referring to compensation – the transcript of my first interview with Burt makes it very clear I am not interested in compensation or civil law. - Horsley allowed disclosure for the inquest – it was not used. If Lesley sees anything in The News , would she let me have a copy – I gather there is a lot on facebook or twitter but my computer savvy is beyond me and I have enough mysterious interruptions being linked to James I think – it is not Georgia USA . Hotch potch of comments – I am still in my dressing gown . Take care . Gillian PS as result of Shipman case only 15 cases can go to criminal Court – that is why there was a public inquiry to deal with the other 250 cases. - Horsley requested Public inquiry after previous inquests to Ministry of Justice but was turned down - under |Labour Gov. Rule. Blair stood up and said there would never be another Shipman – he was well aware of |Mother’s case beforehand. G ( PS John Mortimer QC – author of Rumpole wrote on the fly-leaf of his book shortly before he died – To Gillian - She who must .. ..... I INTRODUCED HIM TO Dick who was tickled pink ! Presumably you know who Michael Mansfield is – I cross – examined him in front of an audience of 1700- acted for Fayed in Princess Diana inquest. Head of Took
