I would like confirmation that you did or have since the inquest informed Prof. Ferner re. the drugs given by Beed to my mother on the 17<sup>th</sup>. August i.e. Oramorph at approx. 1pm followed by two injections of diamorphine witnessed by Lesley and myself – one approx 2 30 pm before Mother was examined by Dr. Barton at 3.30 pm and a “booster” just before Mother went down to X ray. ( the whole crunch of the case ) I would like confirmation in writing – to include Prof. Ferner’s reaction . According to his body language ( I have no degree) he was unaware of this.

I am awaiting further reaction or inaction to the other matter to which I referred in my last telephone conversation with you – I will not let the matter rest but I do not have another 15 years to spend on the matter. Gillian
