the caution again.

You do not have to say anything, but it may harm your defence if you do not mention something when questioned which you later rely on in court. Anything you do say may be given in evidence.

Yes.

Okay, do you understand that?

I do.

Okay. That's not anything additional to what we've said already, it's just reminding you that this interview is being conducted under those headings and it's the caution.

#### Right.

All right and can we also . . can you also confirm for me that during the break um we've not discussed the case, I've not asked you any questions in relation to anything with regard to Mrs RICHARDS.

#### No you haven't.

Thank you. Okay, right, we were talking about the syringe driver and um you explained, you've explained the advantages of the syringe driver and that it gives a constant level of pain relief for whatever relief is, you know the drug in it is designed to give and it prevents these troughs in in pain relief...

	DC Code A	and stops patients waking up or in pain or
		whatever, towards the end of the treatment.
		We've discussed that. We've also discussed
		that it's not purely for palliative care, it is for
		other forms of treatment as well
	COUCHMAN	Yes
	DC Code A	and it's I believe it's quite a small machine
	COUCHMAN	It is.
	DC Code A	So people can walk around with it
	COUCHMAN	You can put it in your pocket.
	DC Code A	Yeah and whatever, so that it gives them
	International Action of Control o	that constant . constant care.
	COUCHMAN	Care.
1.52	DC Code A	Okay, we've discussed Mrs RICHARDS'
	lana and a second s	condition and the fact that it was probably, I
		think you said and correct me if I'm wrong, a
		couple of days before she died that you got the
		impression that she was actually starting to die.
	COUCHMAN	Yeah.
	DC Code A	she was starting to die. She had a chest
		infection, or you felt she was, she was.
	COUCHMAN	Did.
	DC Code A	Did have a chest infection or had a chest
		infection and I take it it would be fair to sum up
		and say she was very ill or very poorly.
	COUCHMAN	Very poorly, yes.

### DOCUMENT RECORD PRINT

	DO	CUMENT RECORD PRINT
	DC Code A	Okay. Now there are times, what I'd like to do now is go over the drugs that were administered and I've got here, which might be a bit clearer, cos this is the original copy, the health record. You've actually got your own
		notes there. I take it this is the, this is the
		prescription record, is it called?
	COUCHMAN	It is the prescription chart, yes.
	DC Code A	Okay. Now I think there's sort of several
		entries or a few entries relevant to yourself.
		I'm not sure, I wonder if you could just point
		out for me which ones are, you're involved in.
	COUCHMAN	This one's mine, the 20 <sup>th</sup> of the eighth, I can
		see my signature here.
	DC Code A	Okay that's for hyoscine.
	COUCHMAN	Yeah.
	DC Code A	And that's is that 400?
	COUCHMAN	It's 400 micrograms at quarter to eleven and
		the Midazolam, 20 <sup>th</sup> of the eighth, 10.45, 20
		milligrams and my signature, MC. Obviously
		on that day we didn't put any Diamorphine
	DC Code A	I see.
	COUCHMAN	or did we? <u>Yes we did</u> , we put 40 milligrams of Diamorphine, 20 <sup>th</sup> of the eighth,
		10.45, that's my signature.
	DC Code A	Okay, and I believe you've got the haloperidols?
	COUCHMAN	Haloperidol - 20 <sup>th</sup> of the eighth, 10.45, 5

milligrams, my signature.

	milligrams, my signature.
DC Code A	Okay, so looking at those four
COUCHMAN	Yeah, so I put the driver up that day
DC Code A	Yeah to ask you a fairly obvious question, it
	looks you've loaded the driver on that day?
COUCHMAN	I must have put it up yes I must.
DC Code A	Okay. Can you just go through for me what
	each of the drugs do, what they are designed to
	do?
COUCHMAN	Right, Diamorphine Hydrochloride is a powder
	in ampules, five, ten, thirty, one hundred and a
	five hundred ampule.
DC Code A	Right
COUCHMAN	and I believe it's heroin
DC Code A	Oh right, okay.
COUCHMAN	And it's a very strong painkiller, indicated in
	severe pain and the initial dose is five to ten
	Right Why?
DC Code A	Right 2
COUCHMAN	for an adult.
DC Code A	Okay. What about the others there?
COUCHMAN	and Haloperidol is for severe anxiety and
	the management of anxiety, dosage 1.5 to 5
	milligrams, 10 milligrams, 20 ampules and we
	actually gave 5 milligrams, which is a very
	as you can see is a very small dose. You can
	go up to 20 over 24 hours.
DC Code A	Oh right. Okay.

Midazolam, 20 milligrams over 24 hours, again an anti anxiety drug with 20 milligrams being a very low dose.

Right and the Hyoscine?

Oh and Hyoscine is a drug to dry up secretions the patient's bronchal tubes, which in occasionally can cause quite a lot of distress to the patient.

Right, okay.

And that is only added if it's required.

Oh right. As I understand it . . .

And 200 micrograms, sorry 400 micrograms isn't a large dose, she could have had 800.

Right, I mean that was my next question, in relation to the level of dosage, your saying that they're quite . . .

They're quite low, they're a normal, a normal dose.

Obviously when, it's got here the drug . . .

Yeah.

. . Diamorphine, for example, it's got 400 to 200..

We could've . .

40 to 200

Sorry 40 to 200

experiments scored Wasse aware? Fatal dose? Doctor 40, yeah, we could have given 200. So, am I right in saying that when the Doctor,

Yes.

. . has prescribed these, she's given the nurses who have got the authority to do so, discretion to increase the dosage . . .

Quite, if the patient required it.

If the patient required it, yeah. Would that involve any further consultation with Dr BARTON before . . .

Not necessarily.

Wouldn't necessarily. She's given you that sort of . . .

Yes.

... those guidelines to fit in, so ...

Yeah.

... I mean I take it if you had to go over that ... Well she knows that two of us would have decided.

Right.

If we decided that this patient was in distress and pain we could have upped her pain . . .

Right.

. or if we felt she was terribly anxious we could have upped her. .

Okay

. anti anxiety drugs.

Right, so yeah, if the level was not working then . . .

Yes.

DC Code A	and it's within the parameters that are set,
	you can increase it within those.
COUCHMAN	We can, yes.
DC Code A	Okay, you mentioned that the Haloperidol and
	the Midazolam were both for anxiety?
COUCHMAN	Yes.
DC Code A	Um
COUCHMAN	I believe she prescribed them because of the
	patient's condition and her high level of
	anxiety. Patient unconcras
DC Code A	Right.
COUCHMAN	Um, however the Haloperidol was 5 milligrams
	over 24 hours, which is very low, if you're
	asking why she had both.
DC Code A	Yeah, yeah. What would the reason in all the
	thinking be behind that, would you be able to .
COUCHMAN	The thinking would be that of the high level
	of anxiety of the patient. Patrene unconcrous
DC Code A	Okay, and the other question, I mean is there
	any reason why there's two and not like they
	just increased the Midazolam for example.
COUCHMAN	Well I didn't actually - this is a question you
	would have to ask Dr BARTON, because she
	actually prescribed it.
DC Code A	Right, okay okay. In terms of of what's been
	loaded onto the driver, are you able to comment
	on whether that's a normal

	COUCHMAN	I would say it's a perfectly normal dose
	DC Code A	sort of in relation
	COUCHMAN	and quite normal.
	DC Code A	Yeah, what about the combination of the four
		medicines.
	COUCHMAN	What about it?
	DC Code A	Is tha have you seen that sort of
		combination before?
	COUCHMAN	Oh yes yes.
	DC Code A	Is it the sort of thing they've given to
		somebody in Gladys RICHARDS condition?
	COUCHMAN	Yeah
	DC Code A	It is?
	DC Code A	Okay.
	DC Code A	Are you aware of any er adverse side effects
		that a combination of one or two or the mix of
		all four
	COUCHMAN	No because we wouldn't use it if we were
		aware there were any adverse side effects.
	DC Code A	That was the question, are you aware that there
		would be any adverse side effects?
	COUCHMAN	No.
	DC Code A	No?
	DC Code A	Okay. What I'd like to do now, is I've got a
		•
	DC Code A	Can I just check one thing. On one of the
		drugs, one has been increased.
	COUCHMAN	Which one?

DC Code A	You can tell me.
COUCHMAN	Oh I can't see now. They're all 400, they're all
	400 micrograms.
DC Code A	Wasn't one increased?
COUCHMAN	They're all 20s. The Diamorphine is all 40s
	and the Haloperidol is all 5 milligrams.
DC Code A	No, one of them's increased.
COUCHMAN	Where?
DC Code A	(Inaudible) just (inaudible) from 200 - oh no it
	is 400 isn't it?
DC Code A	That's 400 there, that's all 20s
COUCHMAN	That's all 40s
DC Code A	I thought there was one increased.
COUCHMAN	That's all 5s. Possibly we
DC Code A	I think you're looking at the Oromorph.
COUCHMAN	This, this was changed
DC Code A	Yeah.
COUCHMAN	She started off on an extremely low dose,
	which is
DC Code A	And that was raised. It started off, what was it,
	200
COUCHMAN	That's micrograms and then
DC Code A	Is that 200 or 400?
COUCHMAN	400
DC Code A	To me it looks like a 4, but
COUCHMAN	It is a 400 and the actual dosage is within
	200 micrograms to 800 micrograms, so it's still
	only half.

W14 OP ROCHESTER -CURRENT FROM TRAIN 140409 Oh right.

Do you know, is it a particular day that she visits?

Normally it's Thursday, I did notice she was there Monday this week, but sometimes she changes.

But it's a weekly basis?

It's a weekly basis and I can tell you her name if you want to know it, Jean DALTON.

Right.

She's been a Pharmacist for many years.

Okay. Just going back to the syringe driver, I mean obviously we've been talking about literature for this, what training do you get to use the syringe driver.

Um, we get in house training I should say, on the ward. We get training, we used to have a school of nursing at QA, it's now moved to Southampton. We get trained, we used to get trained in there. We do study days on the ward for all staff, cos I was talking about trained staff. Obviously because we work as a team on the ward, the untrained need to know about the drugs and why we use them and etc.

Right, so they've done . . .

So we have days on the ward when we will all get together and sit and talk about it.

Right, okay and is there any instructions for the

Right.

.. quite a bit.

Okay, you you. . . I'll tell you this straight away, I don't think you as an individual has been complained about.

No, but what she said about. . . .

About you . . .

.. naming me ...

She's moaned about you to the . . .

The things she said about me are untrue.

Right, okay, but can we just make sure that we're quite clear about this...

I think she got my name from there.

Yeah. Let's make it quite clear that we're not talking to you today because she's said to us that you want to go and speak to Margaret COUCHMAN, she's got something to say. We are talking to every member of staff...

Yes I know.

... that was on duty during the time Gladys RICHARDS was in hospital.

. . I'm just saying that what she said about me wasn't true.

Okay.

Okay. I only brought that up because I thought there was an issue with it, but we've cleared that now.

her bladder, do we need to wash and dress her, yes we do. Do we need to take her to the toilet? Definitely and how many, how dependent she is.

Oh right, yes.

Okay? So she is . . because she scores nought, she is totally dependent. And feeding: can she feed herself, do we need to cut up the food? Yes we do, everything, so that's another nought. Transfer: now we've got major help which is right, so it's one to two people to transfer. <u>Mobility: she can't so she got a</u> nought.

Mmm.

Dressing: highly dependant, so we have to wash and dress her. Stairs: no way, nought. Bathing: highly dependant, nought, so she's scores three, which tells us that she needs two people to look after her, she's highly dependant.

And as you said, I think, some time ago, that she was totally dependent.

Totally dependant, yeah. This is a water low pressure score prevention, now this is you're probably aware that people who can't move, be it because they're elderly or because they're depressed and won't move, develop pressure sores extremely quickly.

COUCHMAN	I actually filled this bit in because fortunately,
	'cos I had discussed with the daughters about
	her mother's medication
DC Code A	About her oromorph because she was in pain.
COUCHMAN	Yeah and I mentioned the x-ray.
DC Code A	'Cos she was still showing signs of was she
	showing signs of pain.
COUCHMAN	Well I thought that perhaps you know that
	she could have put her hip out again.
DC Code A	Mmm.
COUCHMAN	and that in fact it does say she didn't.
DC Code A	Were you, were you ever aware during the last,
	during the from the 17 <sup>th</sup> onwards, and this is
	something that the two daughters state that they
	made mention to staff and I'm not clear
	whether it was yourself, that Haslar were
	prepared to take Mrs RICHARDS back, should
	any problems occur.
COUCHMAN	Yeah, this is why I initiated this x-ray.
DC Code A	Right.
COUCHMAN	Because they actually mentioned that Haslar
	said she should not be left in pain, which is
	right, isn't it?
DC Code A	Yeah, yeah.
COUCHMAN	and that she should go back if necessary.
DC Code A	Yeah.
COUCHMAN	So that is why she had that x-ray on that day
	that she arrived back from Haslar.

DC Code A	Right, okay, so obviously when that was
	assessed a decision would be made
COUCHMAN	She had the x-ray and it was decided no, that
	the hip was still in place.
DC Code A	Right, and as you understand it, it was still in
	place.
COUCHMAN	Yeah.
DC Code A	Did you see the x-rays, or was that something
	you just
COUCHMAN	No, I don't read x-rays.
DC Code A	Right, okay.
COUCHMAN	as a nurse.
DC Code A	Oh right, but that's what came back, then that it
	was okay.
COUCHMAN	Yeah, yeah.
DC Code A	Who would it fall down to to read the x-ray?`
COUCHMAN	Well Dr BARTON would look at it. The
	radiologist would look at it.
DC Code A	Right, are they as like are the radiologists
	qualified to diagnose any problems on an x-ray.
COUCHMAN	Yes, yes. I mean they would point out things if
	I wanted to see it.
DC Code A	Yes.
COUCHMAN	But I'm not, I haven't done anything you
	know along those lines of reading x-rays. I can
	see cracks in bones and things obviously, but

DC Code A	Right, okay and what would that be.
COUCHMAN	If they were unable to swallow. If we thought
	there's a possibility that it went into their lungs
	and kill them.
DC Code A	Right, okay. Would there be other ways of
	providing fluids?
COUCHMAN	We do provide we don't use IV drips on our
	ward
DC Code A	Yeah.
COUCHMAN	because we have no medical cover 24 hours,
	there's no doctor on the ward for 24 hours
DC Code A	Right.
COUCHMAN	and we're visited daily as we said by a
	Doctor. Now we have, we would have given
	her perhaps sub cup fluids, which means we
	use the same bag as the IV fluid, we use a little
	needle called a butterfly needle
DC Code A	Oh right.
COUCHMAN	that we would put under the skin on a fleshy
	part - we find a fleshy part of skin, perhaps
	here, if it's likely to be pulled out.
DC Code A	That's at the back
COUCHMAN	It's a very tiny little needle we would put just
	under the skin, 'cos it's sub cutaneous
DC Code A	Yeah, yeah.
COUCHMAN	With a plaster on the top - very slowly over
	24hours we would drip a litre of fluids um
	saline probably

	medicine she was taking, put her in a position
	that she couldn't swallow, she couldn't eat and
	she couldn't hydrate.
UCHMAN	I think even before she had the medicine she
	was having great difficulty NOT TRUE
Code A	problemseating?
UCHMAN	Eat and drink, yeah.
Code A	Okay, but obviously there's procedures in place
	now. Are there still occasions when even
	providing fluid sub-cutaneously would be
	um would not be carried out, you know for the
	patient's benefit, are there circumstances ?
DUCHMAN	No, all the patients now, basically what we do
	now is if they don't manage to take in orally
	about 1000 millilitres
Code A	Right.

... a day, then they have a sub cut overnight. Oh right, okay, but are there any times when it would be decided well it's for the benefit, the patient's own comfort.

If a patient was dying, okay, if a patient was dying, we probably wouldn't do that.

No, okay and why would that be?

Because medical opinion will tell you that there's research to prove that the patient will probably be more comfortable without sub cup. Oh right, okay. Right, well I think we're just about there aren't we?

Yeah.

Okay. Is there anything you'd like to add? I'd like to say that I, I, I find it difficult to come to terms with the fact that people who can be so friendly to the staff on a day to day basis, can give us the chair, can send staff books and letters um can complain.

Okay. Thank you. Anything . . .

I'm not happy with the way that it was all presented to the staff on the ward. We've had to um . . it's not your fault probably, but we've had to gather information from and if . . where we could and I'm not happy with that.

Okay just to let you know that. . I think Mr GRAHAM will back us up on that . . Mr GRAHAM's probably got more documentation relating to Gladys RICHARDS' time in hospital than we have and er . . .

I'm not going to admit that on tape.

..... but the disclosure that the police have given Mr GRAHAM which at the end of the day and I'm going to pass the buck here, is Mr GRAHAM's responsibility to make sure that .

I wasn't blaming you.

Yeah, I know, is that everything that we've got that we refer to during this interview, Mr GRAHAM has had.

Yeah that's right, I'm saying . . .

Yeah, I just feel that it's been dripping in bits and pieces. Nobody came and said, okay this complaint has been made . . .

And we appreciate it's two years old.

Yeah.

But me and code A have only been with it for six weeks. The police investigation only started 6 weeks ago and hopefully myself and Lee and my other colleagues that are working on this matter, are being as professional, as expeditious as we can possibly can to get this matter as cleared up as possible, cos we are aware that you poor people have been sitting on this for two years. But hopefully we'll draw it to conclusion very shortly.

We have been sitting on it for two years because we thought with the initial investigation...

That was it, yeah.

That's it.

Okay then. Right Is there anything else you'd like to add?

No.

No? Anything you'd like to clarify?

I don't think so.

Anything you said that you feel . . . ? I'll

hand you a notice explaining the tape recording procedure, which is under these piles of paper somewhere. I'd like you to complete it and return it to me before you leave the room. There it is. The time by my watch is 11.56 and I'm turning the recorder off.
