

Ref. AF/11/c/1. Haslar notes

This letter from Sergeant **Code A** gives an accurate picture of my mother on transfer/discharge to the War Memorial Hospital. It should be noted that she did not need Oramorph - in contrast with the G.W.H. who prescribed this for her on admission. It should be noted that the comments regarding Elimination should have been useful to the staff at G.W.H.. Instead - when agitated she was given Oramorph. This letter is hopeful that her notes will indicate
