

1<sup>st</sup> November 1999

Mrs Lack,

Would you please find the enclosed copy of some partially completed draft statement notes which I have prepared following our conversations and by reference to your notes.

Please be assured that these notes are very much in draft form and any witness statement which you may make will be entirely your own.

I have also included a copy of the medical notes covering treatment given at the Gosport War Memorial and a report prepared by Dr Lord.

It would be helpful if you could examine these documents so that when we next meet, on Monday the 15<sup>th</sup> November 1999 at 0930 hours, you will be in a position to comment upon them if you wish.

Also enclosed is the original further page of notes, made by yourself. I have taken a copy. Please ensure that all of the original notes, which you currently hold, are carefully retained in their original state.

I will be on leave from Friday the 5<sup>th</sup> November 1999 until Thursday the 11<sup>th</sup> November 1999 inclusive.

Thank you.
