Dear Lesley

General Medical Council - Dr Jane Barton

Thank you for your letter dated 3 April 2008 to Adele.

I acknowledge receipt of your signed statement. I very much appreciate you returning this to me promptly.

In relation to the comments that you make in your letter I can clarify that the comments made in the CHI report will be covered elsewhere in evidence. The charges against Dr Barton will relate to the patients we are going to take forward specifically and it will be hard to include general points without being able to relate them to individual patients.

I think that the statement is now complete as it stands. I will disclose this to the defence and it will give them an indication of your evidence. As I explained to you previously, your evidence will be brought out orally at the hearing and you will have more than ample opportunity to clarify any points raised within the statement.

Thank you once again for your ongoing assistance.

Yours sincerely
