To keep you in the picture. We

made numerous phone calls since we

- Heskey with **Code A** 2/10/98. I have recently made official formal complaint to HQ on the efficiency of **Code A** who has not investigated - taken statements from either of us or shown any inclination to deal with the case - he & the membership it was a civil case. I claimed as we gave permission for a Synge dinner we co-operated - however we are now in his back but he still takes that view. I will have the case aired if necessary with full media coverage.

I gave a Kuch to Social Services through the area Manager which led to the Member

of 23 November arriving here on 4th February - there was nothing to indicate you had a copy -

hope you did - a very poor representation

I propose that the Newspaper have debate now goes to Dobson P.M.W.
