Dear Mr Hudspith

RE: GOSPORT WAR MEMORIAL

Thank you for your letter, which I received this morning.

I understand your comments and subsequent non-action relating to Dr Lord, although I am still concerned as to the notation in my mother's notes "*All other drugs stopped by order of Dr Lord*". These drugs were her routine medication to maintain her heart problems. This entry was made in Queen Alexandra's hospital two days before her transfer to Gosport War Memorial. What was the reason for these drugs to be stopped and what effect would this have made?

Are you able to inform me if any action will be taken against Dr Lord as regards the other cases you have been investigating?

I have noted your action regarding Dr Barton. Can you confirm that the action (The Council's Preliminary Proceedings Committee) which to be taken includes the other cases, or is this solely based on my mother's case?

If you are able could you give a brief reply by return email today?

Thank you again

Yours sincerely,

Bernard Page
