I hope you were able to speak to both Gillian and Ann today.

I have enclosed the following documents for you:

- a. A spreadsheet list (in key date order) of events.
I have still to add drug records.
- b. My letter to Det. Sgt. **Code A** which will give you the basis of my complaints and areas of concern.
- c. Photocopies of the final notations of my mother's medical notes.
- d. Brief details of the individuals we discussed.
- e. Directory Index – Dr A Lord -

Yesterday Det. Supt Clacher discussed the case and presented his findings and recommendations to the Chief Constable. We are now awaiting the Chief Constable's decision. Remember we were only complaining about the conduct of the police enquiry. Our aim is to get the investigation re-opened, if that is handled poorly then we are back where we started.
