Gosport

Dear Dr Nicholls,

Re: Mrs Norma WINDSOR Code A  
Code A

I saw this lady after she had a vagotomy and pyloroplasty in April 1979.

She has made satisfactory progress apart from some abdominal pain and diarrhoea after a meal.

On my examination today, there was no evidence of any abnormality in her abdomen.

I will review her in 6 months time for a further checkup.

Yours sincerely,
