Dear Dr Knapman

Re: **Norma Windsor** DOB [Code A]
[Code A]

Mrs Windsor was placed directly onto our waiting list for cardiac catheterisation following a referral from Haslar Hospital. The letter did not mention or give details of Mrs Windsor's past medical history, which as know is quite complicated, involving a long standing diagnosis of CLL and numerous dermatological and skin problems.

She is on complicated cocktail of treatments and I think we should really see this lady in clinic, rather than placing her directly onto the waiting list and meeting her for the first time at the intervention.

For this reason, I am arranging to see her at our Cardiology Clinic in Haslar in the next few weeks. With best wishes.

Yours sincerely

Code A
