Barbara, I spoke to Fiona this week about this case. She has had more contact with Miss Windsor - letter in your file for you to see. I've checked the PHT notes, they seem to support what we say and I've suggested that we ask PHT consultant to comment - you'll understand when you see letter!

Fiona is to talk to Dr Knapman first, but he's on A/L till monday. She'll ask if he wants to write to PHT, or if we send a MM letter.
