Dear Anne

WARD VISIT - MULBERRY A, GWMH  
 ARTHUR CUNNINGHAM, DOB Code A  
 HA: ALVERSTOKE HOUSE, NURSING HOME,  
 SOMERVELL CLOSE, GOSPORT

Could Mr Cunningham please attend on 14 September. He is being discharged to Thalassa Nursing Home on 28 August, his parkinson's disease is worse, his mobility has deteriorated, and he is now catheterised for retention.

I hope to contact Eileen Kettlewell about a post discharge visit to Thalassa Nursing Home in order to ensure that the heights of chairs and his bed are appropriate and that he has sufficient rails for transferring.

I would be grateful if his parkinson's disease, weight, obstructive uropathy, full blood count and renal function could please be monitored at Dolphin Day Hospital.

With many thanks and best wishes.

Yours sincerely
