I am trying to obtain the e mail address of the Information Access Team regarding FOI – each address I am given comes back not recognised. This is in connection with the case of Dr. Jane Barton request for voluntary erasure from the register. The GMC hearing regarding twelve cases was completed in January 2010 – I sent my comments regarding the erasure issue to Mrs. McNally as requested – I had an e mail yesterday from Tim Cox Brown who is the new case worker – I replied this morning and was given the e mail [InformationAccessTeam@gmc-uk.org](mailto:InformationAccessTeam@gmc-uk.org) and it keeps coming back unable to deliver. I hope it is not going to take another 13 years to finalise this situation. Gillian M Mackenzie
