Your very prompt reply is much appreciated – no I did not receive your e mail before. Under the F.O.I can I now request sight of the Haslar staff Statements and the missing statements from Nurse Brewer – one of four pages and one of three pages in addition to the Statement from care Worker Linda Baldochino. I hope I do not have to start all over again from scratch. Gillian M Mackenzie PS To whom do I address future e mails on this subject – you or **Code A**
