Barton /Gosport War Memorial Hospital case. I refused to give evidence at the hearing due to the fact that Jack Straw had given permission for an Inquest in January 2009 - my mother's death being the first case to be reported to the police and the GMC were ready to proceed in 2002 - this was adjourned and adjourned when other cases came forward and indeed my case was adjourned when 10 other cases were to have an inquest. Nevertheless the GMC went ahead without my evidence although the outcome was the same as the others - Dr. Barton was not struck off despite the Chief Executive's comments after the hearing and his strong views. Further delays followed including Dr. 8 being allowed to voluntarily request to have her name removed from the register. My inquest into my mother's death will take place this year - the GMC had at least two expert medical opinions - they did not use all the opinions provided and two further opinions will be obtained. The Defence team were questioned by an inadequate (in my opinion) panel , I hope the GMC will have an interest in the inquest into the death of Mrs Gladys

Barton /Gosport War Memorial Hospital case. I refused to give evidence at the hearing due to the fact that Jack Straw had given permission for an Inquest in January 2009 - my mother's death being the first case to be reported to the police and the GMC were ready to proceed in 2002 - this was adjourned and adjourned when other cases came forward and indeed my case was adjourned when 10 other cases were to have an inquest. Nevertheless the GMC went ahead without my evidence although the outcome was the same as the others - Dr. Barton was not struck off despite the Chief Executive's comments after the hearing and his strong views. Further delays followed including Dr. 8 being allowed to voluntarily request to have her name removed from the register. My inquest into my mother's death will take place this year - the GMC had at least two expert medical opinions - they did not use all the opinions provided and two further opinions will be obtained. The Defence team were questioned by an inadequate (in my opinion) panel , I hope the GMC will have an interest in the inquest into the death of Mrs Gladys
