The boxes I had retrieved from storage do not contain the files required (Norman Windsor). I have requested further boxes back, which should be here early next week and I will forward the relevant document to you, as soon as they are available.

Many thanks

Rachel

Dear [Code A]

We have gone through the very extensive material we have received (mainly from the police) in this case. We have been able to locate, amongst our "unused" material - box 1 files 6 and 7 are "Norma Windsor paper records part 1 and 2 (red and black lever arch files)". We have retrieved these and can send them to you if required.

I do not think we have anything else but we do have the police documents index which suggests the following documents exist but we have not requested them from the police:

S214 - details from daughter if N Windsor re medical history
 S216 - husband's account of life and medical history of N Windsor
 s217 - details from daughter of N Windsor re background and treatment
 s219 - details from son of N Windsor re background and medical history
 s221 - details from daughter of N Windsor re background and medical history
 s245 - from FGM (son) background and events leading to death of N Windsor
 s322N - produces death certificate of N Windsor
 s329U - expert witness gives opinion re care and treatment of N Windsor
 x143 - medical records of N Windsor

(I have not checked the 60 page index of miscellaneous documents which may contain further documents such as the letters Ms Ward asks about)

Please note that we got the medical records from the police for the GMC hearing. I think we should liaise with the police before considering releasing any material to the Ward/Windsor family. Julian has seen the police statement about disclosing material in 2010. I also do not think it is our role to release the information we have about the documents contained in the police list.

Please let me know if you need any further information or think you need copies of the medical records we have located.

Sarah

This request has been allocated to me.

Would you be able ascertain whether you hold any, or all, of the information mentioned in Maggie Ward's e-mail?

Happy to discuss.

We received a lot of "irrelevant" material from Eversheds who had received it from the police. It has been archived as it is not part of our current case - we can do some research to see if we can tell if it included material relating to Mrs Ward. There are a lot of boxes and we are in the midst of preparing for the case in June - let me know how/whether you need our assistance.

Dear All,

We have received the attached request from Maggie Ward in respect of documentation that our Solicitors, Field Fisher Waterhouse received from Hampshire Police.

Part of the information we received from Hampshire Police is due to be considered by a Fitness to Practise Panel commencing 8 June 2009 but Norma Windsor's case is NOT part of the case.

Is this request something you can deal with?

Juliet
