Hi Code A

I have just spoken to Code A and I think that you will be able to leave earlier than 4 - probably about 2.30/3.00. This will then give him and I a chance to discuss some of the practicalities of working together. I don't think you'll be interested in hearing that!

It is Code A

See you tomorrow. I'm getting the train down in the morning, I did yesterday too and it was delayed so hopefully it will be on time in the morning!

Hello Code A

4 is fine, I just need to let colleagues know what time it is likely to finish.

Thanks for providing the christian names but I meant to ask you for Code A christian name instead of Code A so I can do a check on Code A

I note when you will provide the costs estimate.

I look forward to seeing you too.

Hi [Code A]

I think that the conference should finish by 4, however if you need to leave earlier that is fine.

I will provide a new costs estimate after the conference, once Sarah returns from holiday.

I agree that the con should give us a better idea if we need a second expert on palliative care.

It is [Code A] and [Code A]

Look forward to seeing you on Friday

[Code A]

Thank for your email,

Expert

I think it's prudent for [Code A] to attend part of the conference as it may help as determine whether we also require a Pallative Care expert.

Other doctors

Do you know the Christian names of [Code A] and [Code A] so that I can check whether there are any GMC proceedings against them?

Costs

After the conference could you provide us with a revised costs estimate please.

Conference

Could you let me know what time the conference is likely to finish please.

Thanks [Code A]

Hi [Code A]

[Code A], consultant geriatrician, has provisionally agreed to act as an expert in the [Code A] case. He wrote reports on 11 of the 13 cases so should not have to do too much work. I enclose his CV for your information.

I had approached [Code A], palliative care expert, but he is not willing to act.

He has quoted a fee of £200 per hour inclusive of expenses. We had budgeted £20,000 for the expert fees for this case. It is hard to estimate exactly what his fees will end up being, dependant on for example how much time we need him to attend of the hearing.

He is able to attend for some of the conference on Friday. Perhaps you could confirm that you are happy for him to attend and then I could negotiate his fees with him if we then decide to continue with his instructions. (It may be that he will agree to an hourly rate with a capped amount).

The conference for Friday is arranged for 10:30. I look forward to seeing you then.

Regards

Hi [Code A]

I understand that [Code A] has quite a bit of GMC experience. She has been directly instructed by the GMC in about 40 cases. Over half of them were direct instructions from [Code A]. [Code A] Perhaps you could speak to [Code A] for her input?

[Code A] said that she is very bright and has the right experience. Also, and possibly most importantly, she is able to start work immediately which is a considerable bonus given the very tight time constraints.

I hope that this helps.

I would be grateful if you could let me have your thoughts as soon as possible as I am keen to get the junior working as soon as possible in order that they get through the masses of evidence.

For clarification, the rates do not include VAT.

Thanks

Hi [Code A]

We have now had a discussion with [Code A] and his clerk regarding juniors for use in this matter.

[Code A] recommends [Code A]. She is on maternity leave at the moment and can start work immediately. She comes highly recommended and has GMC experience.

In terms of rates Counsel's clerk suggested going back to the fees that we used to have from counsel before the current agreement.

- So Tom would be £150 ph and [Code A] £100 ph.
- Tom estimates the brief would be 250 hours each for him and for a junior.
- This comes to £37,500 for [Code A] and £25,000 for [Code A].
- For hearing it would be £750 per day for [Code A], £600 for [Code A].
- This comes to £67,500 for [Code A], £49,000 for [Code A].

I would be grateful for your comments on instructing [Code A] and the proposed fees.

We are in the process of revising our fee estimate and will forward that to you as soon as possible.

Please note that [Code A] is going to e-mail you separately regarding [Code A].

Thanks

Hello,

We are considering using the above doctor as expert doctor in a forthcoming FTTP case.

[Code A] used to sit on FTP Panels until 2005.

We would be grateful if you could let us know the date his tenure began and ended what was the reason his tenure ended.

This request is quite urgent as the information provided may determine whether we can use him as an expert.

Hello [Code A],

I recall from our conference that [Code A] stated that he ceased being a FTP Panellist in 2005 but our Committee Development Team has no record of him.

Before deciding whether or not to use [Code A] as an expert we require our Committee Development team to do some checks on him, therefore I would be grateful if you would urgently contact [Code A] to ascertain the dates he began and ended his tenure.

Once the Committee Development Team have carried out any requisite checks we will respond to [Code A] email concerning choice of experts.

This is a high profile case which is due begin on 8 September 2007. I understand you will be doing the empanelment for this case.

A major problem is that our expert is [Code A] who was an FTP Panellist from 2002 to May 2005 and there maybe a conflict of interest if there are Panellists on this case that he knows.

Could you advise whether it is common practice in high profile cases to only use very experienced Panellists, as a way forward maybe to only empanel Panellists who began their tenure after May 2005. However, this would have to be balanced against the consequent lose in experience.

I would be grateful if you would liaise with me before commencing empanellement and let me know when you are likely to start the process.

This is a bit of a nightmare!

What we can't afford to do is to pitch up at the hearing and have our expert evidence excluded because of his knowledge of the other panellists.

However, of itself, knowing the other panellists doesn't mean he can't act. The question is whether that leads to prejudice, and that is by no means automatic.

What I think this means is that we need to know fairly quickly who the panel is going to be so we can see whether this leads to a potential conflict. Can you find out what the timetable is to empanelment?

I suspect we also need legal advice on whether if he has sat with one of the panellists or attended a training course with them this makes his evidence susceptible to potential exclusion by the panel. I don't think it should of itself, but it is not for me to say definitively.

The bottom line is we have to understand the risks here, and if necessary we have to flush this out with the defence. As I say we can't run the risk of hoping it doesn't prove to be a problem by the time we get in front of the panel.

Can we have a further chat on Monday please.

Hi [Code A]

We have now had a discussion with [Code A] and his clerk regarding juniors for use in this matter.

[Code A] recommends [Code A]. She is on maternity leave at the moment and can start work immediately. She comes highly recommended and has GMC experience.

In terms of rates Counsel's clerk suggested going back to the fees that we used to have from counsel before the current agreement.

- So [Code A] would be £150 ph and [Code A] £100 ph.

- [Code A] estimates the brief would be 250 hours each for him and for a junior.
- This comes to £37,500 for [Code A] and £25,000 for [Code A]
- For hearing it would be £750 per day for [Code A], £600 for [Code A]
- This comes to £67,500 for [Code A], £49,000 for [Code A]

I would be grateful for your comments on instructing [Code A] and the proposed fees.

We are in the process of revising our fee estimate and will forward that to you as soon as possible.

Please note that [Code A] is going to e-mail you separately regarding [Code A]

Thanks

I would be grateful if you could start the empanelment for this case now using Panellists who began their tenure **after** [Code A] ceased sitting in May 2005 and let me know who the Panellists are.

This is a very high profile and wish to avoid jeopardising the hearing, due to arguments concerning conflict of interest. Early empanelment will allow us to deal with any problems in advance of the hearing.

NB. This is on old rules case

This is a high profile case which is due begin on 8 September 2007. I understand you will be doing the empanelment for this case.

A major problem is that our expert is [Code A] who was an FTP Panellist from 2002 to May 2005 and there maybe a conflict of interest if there are Panellists on this case that he knows.

Could you advise whether it is common practice in high profile cases to only use very experienced Panellists, as a way forward maybe to only empanel Panellists who began their tenure after May 2005. However, this would have to be balanced against the consequent lose in experience.

I would be grateful if you would liaise with me before commencing empanellement and let me know when you are likely to start the process.

It is agreed to pay [Code A] £200.00 ph for proving his report, but before he begins we need to agree with him a time estimate in terms of hours for preparing the report or a capped fee. Also incidental expenses will have to be approved as they arise. I will need to seek advice from our Finance Section concerning the billing arrangements that [Code A] suggests.

Travel expenses – In accordance with our guidance mileage is reimbursed at 40p per mile, further our guidance provides that standard class train travel should be used. Our guidance does not provide for air travel so [Code A] will need to seek our approval if the need for this arises.

[Code A]

[Code A] chased the DOH about the report this week and I have spoken to him today and he will send a further chaser.

[Code A] has set out [Code A] and [Code A] views on [Code A] below.

Hi [Code A]

[Code A]

Please could you confirm that you are happy with the following rates prior to me sending out a formal letter of instruction?

"I agree that the hourly rate for all work is £200 per hour, including incidental expenses such as secretarial expenses.

However for the days of attending the hearing I would want £1200 per day. This will be in two parts. £600 billed directly by me and £600 billed by the deanery to be used for backfill in my absence.

Travel expenses should be direct reimbursement of public transport or taxi costs. I can not see how I would need to travel outside London but if I did it would either be 45p per mile or first class train costs or business class air costs."

Code A and Code A views on Code A

Both **Code A** are long time protagonists for the families of the patients. They are essentially unhappy with all of the experts used by the Police and feel that it was on the basis of the expert's reports that the CPS decided not to prosecute. Which is essentially true. However, they have not seen any of the reports but nonetheless have concluded that the reports must make erroneous conclusions. This is based on their supposition and the fact that the CPS read out extracts from the reports to them.

Also, they are unwilling to accept the severity of the conditions afflicting their relatives.

They also have dug into **Code A** background and have found out that he also has sat on a committee with **Code A**. This has led them to conclude that because the Government said "there will never be another Shipman" that there will be some kind of cover up conspiracy.

I have assured them that **Code A** will act as an Independent expert and is appropriately qualified to do so. He will have the opportunity to read all of the witness statements and also we can address any concerns which they may have regarding specifics about the treatment of their relatives which might not be accurately reflected in the medical records.

I will instruct **Code A** to prepare a generic report covering, amongst other topics, dementia. Both **Code A** complain that their mothers were not suffering from dementia to the degree that the notes suggest. However, as **Code A** explained in Con, it is often the case that elderly patients are better able to function in the company of their relatives.

Code A has written to **Code A** directly to which he has not responded and I have written to her asking her to direct any queries to me. I know that she has also been bombarding the PCT and the Coroner with her concerns and I have been unable to allay her fears. She also has a history of press involvement.

I do not think that their fears are justified and feel that they would be raising the same issues whoever we had instructed. **Code A** in particular cannot understand the role of an expert witness (she keeps repeating that no-one could be an expert if they have not examined her mother) despite me explaining this on numerous occasions.

Code A report

We would like this as soon as possible as it may influence the drafting of the charges.

Timetable

We are still discussing this with Counsel and **Code A**. For your information I am meeting with **Code A** and **Code A** next week to discuss how we will proceed administratively and to ensure that the timetable is realistic. I will, of course, keeping you updated.

Code A

As discussed by e-mail yesterday, we are in the process of instructing **Code A** with regard to this.

Correspondence with the defence

I will write to them to let them know about the instructed expert and also proposing the new timetable. As [Code A] has explained, they will no doubt object!

Visit to Portsmouth / witnesses

I have arranged to visit Hampshire from 29 to 31 January and am meeting with the PCT and hopefully some of the witnesses to take further statements and to allay any concerns they have.

All witnesses have now been contacted except for [Code A] (the consultants) about whom Counsel is preparing advice currently.

Regards

[Code A]

Thank for your email which I have discussed with [Code A]

[Code A] would like to know what [Code A] and [Code A] views on [Code A] are.

We note your proposed timetable, which is subject to your discussions with Counsel and [Code A] is of the view that if this new timetable is feasible after your discussions we must stick to it to avoid jeopardising the hearing date and we must let the defence know at an early stage of any changes to the timetable. Please confirm the timetable after your discussions.

We note that you will inform the defence about our choice of expert and I will keep you informed about developments with empanelment.

[Code A] has asked [Code A] to make enquiries with the Department of Health about the report from [Code A] when would you ideally require the report by?

Please note that I will on leave from 11-22 February 2008 and [Code A] will cover my work in my absence.

You may recall that you previously enquired whether we had received a witness statement

Mr Stevens, I have checked the files that we hold and I can only find the attached correspondence from Mr Steven's daughter, June Bailey.

However, we cannot locate two of our files: 2002/2340/01 and 2002/0941/01, by any chance did Eversheds pass them to you?

Counsel's Advice

Counsel's advice is due on 21 January 2008, is Tom is still on schedule to provide it by that time, as I wish book a meeting with Peter to discuss the advice so after it is received?
