Dear Dave

**Re: Operation Rochester**

Now that the final (I hope) police investigation has taken place in relation to the deaths of patients at Gosport War Memorial Hospital I would like to write to show my appreciation to the whole of the Operation Rochester team that I have come across and indeed the other officers that dealt with the previous enquiries especially into their professional dealings with all the nurses in this enquiry.

As we discussed in the past it has been a very emotive enquiry and I must say the most thoroughly led enquiry that I have ever been involved in.

All of your officers without exception have acted in an exemplary way when dealing with both myself and the relevant nurses that have formed part of this enquiry.

It is a pity that due to the actions of certain family representatives palliative care has now been put back some 20-25 years.

I must admit I even warmed to Detective Constable Code A who took a bit of getting used to but he eventually mellowed into the way of the other officers of Operation Rochester.

Also Dave Williamson was a credit to the Operation Rochester team.
